

## PROJECT NEWS

### Guam Marriott Resort

Guam, U.S.A.

---

The Guam Marriott Resort is a high-class resort hotel located at a scenic spot commanding the most beautiful view of Tumon Bay, Guam, a green island of sunshine and ocean. The 19-story hotel has 436 guest rooms, each of which has a captivating ocean view. Fujitec has installed 12 elevators, interiors of which are finished with relaxing wood wall panels and luxurious marble floors, creating an elegant atmosphere. These elevators are used by resort guests visiting from all over the world.

1. **Site** : Guam, U.S.A.
2. **Building** : 19-story Hotel (above ground)
3. **Specifications**

**Elevators:**

Use	Elevator Control	Capacity lbs (Kg)	Speed fpm (mpm)	Stops/Floors	Units	Operation
P	DC-Gearless (SCR)	3,000 (1,360)	500 (150)	17/19	4	FLEX-11 (4GSO)
S	DC-Gearless (SCR)	3,000 (1,360)	500 (150)	18/19	1	FLEX-8(3GSO)
S	DC-Gearless (SCR)	3,000 (1,360)	500 (150)	17/19	2	
P	AC-Geared (ACVV)	2,500 (1,130)	300 (90)	5/5	1	SC
P	AC-Geared (ACVV)	2,500 (1,130)	300 (90)	4/4	2	2SC
S	AC-Geared (ACVV)	3,000 (1,360)	300 (90)	5/5	1	2SC
S	AC-Geared (ACVV)	4,000 (1,810)	300 (90)	5/5	1	

Total : 12 Units

- (NOTES) P: Passenger  
 S: Service  
 SCR: Thyristor-Leonard Control  
 ACVV: AC Variable Voltage  
 4GSO: 4-Car Group Supervisory Operation  
 3GSO: 3-Car Group Supervisory Operation  
 2SC: 2-Car Selective Collective Operation  
 SC: 1-Car Selective Collective Operation
