

PROJECT NEWS

Hakone Kowakien Yunessun Kanagawa, Japan

Hakone in Kanagawa is one of the most popular sightseeing and health spa destinations in Japan. Hakone Kowakien Yunessun is a modern hot spring resort built in this tourist area. The five story facility located on a vast 140,000m² site. It includes a shopping mall, restaurants, and a wide variety of bathing pools. Hakone Kowakien Yunessun is a spa theme park where visitors can relax and enjoy themselves.

There are eight Fujitec elevators in operation at the resort. These elevators create a unique atmosphere with bright bracket lights used on the car ceilings and modern geometric designs on the floor surfaces.

The spa, which is new to the Hakone area, allows guests to enjoy nature while taking a relaxing bath in the hot springs.
